SELINGSGROVE PROJECTS INCORPORATED

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Selinsgrove Projects Incorporated (SPI) was incorporated in May 1985 to enhance Selinsgrove, Pennsylvania. The Organization's purpose is to promote and assist in the growth, development and conservation of the unique character and heritage of Selinsgrove and the surrounding area and to promote and encourage the reinvestment of public and private funds to accomplish these purposes.

Basis of Accounting

The financial statements of Selinsgrove Projects Incorporated have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities.

Basis of Presentation

The Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents. The Organization maintains its cash balances in financial institution accounts which have not exceeded federally insured amounts. The Organization has not experienced any losses in such accounts and believes it is not exposed to significant credit risk on cash.

Donated Assets

Donated marketable securities and other noncash donations are recorded as contributions at their fair values at the date of donation.

Donated Property and Equipment

Donations of property and equipment are recorded as contributions at fair value on the date of the donation. Such donations are reported as increases in unrestricted net assets unless the donor has restricted the asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies temporarily restricted net assets to unrestricted net assets at that time.

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (continued)

Donated Services

The value of donated volunteer services is not reflected in the accompanying financial statements. However, a substantial number of volunteers have donated significant amounts of their time and perform a variety of tasks that assist the Organization with specific programs, fund raising and various committee assignments. The Organization pays for some services requiring specific expertise.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Expense Allocation

Directly identifiable expenses are charged to programs and supporting services. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Organization.

Income Tax Status

The Organization is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under Section 509(a)(2). Accordingly, no income tax provision is recognized for financial reporting purposes.

Property and Equipment

The Organization capitalizes all expenditures for property and equipment in excess of \$500. Purchased property and equipment are carried at cost. Donated property and equipment are carried at fair value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

Restricted and Unrestricted Revenue

Contributions received are recorded as increases in unrestricted, temporarily restricted or permanently restricted net assets, depending on the existence and/or nature of any donor restrictions. When a restriction expires (that is, when the purpose of the restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. At December 31, 2010 and 2009, temporarily restricted net assets are restricted primarily for or are restricted based

on time restrictions of payment by the donor. Permanently restricted net assets consist of funds to be held indefinitely, the income from which is to support the Organization's general activities.

Promises to Give

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only with the conditions on which they depend are substantially met and the promises become unconditional.

Advertising

The Organization uses advertising to promote its programs among the area it serves. The costs of advertising are expensed as incurred. During the years ended December 31, 2010 and 2009, advertising costs amounted to \$7,193 and \$22,015, respectively.
